N.W. Quebec, Canada

'I would like to thank you and your company for the splendid service you provide. The Rat-X Pest Repellers duly arrived the following morning, Saturday (ordered on Friday), much to my delight and surprise. I have installed them both, one in the main room in the bungalow and the other in the very large outbuilding in the garden, which is home to a dog and a rabbit. However I have kept an eye on the rabbit (a flop eared type) and she does not appear to be disturbed with the repeller. Once again many thanks for your super service and charming lady who took my order on the telephone.'

S.C. Cambridgeshire

'All working great. Mice eating wax bait and getting on the traps. Excellent.'
